

FileFilter

```
classDiagram
    class FileFilter
    class XMLFilter["desmoj.extensions.experimentation.util.XMLFilter"]
    XMLFilter --|> FileFilter
```

The diagram illustrates a class inheritance relationship. At the top is a box labeled 'FileFilter'. Below it is a larger box labeled 'desmoj.extensions.experimentation.util.XMLFilter'. A blue arrow points from the bottom of the 'XMLFilter' box up to the bottom of the 'FileFilter' box, indicating that XMLFilter inherits from FileFilter.

desmoj.extensions.experimentation.util.
