

desmoj.core.simulator.Model  
Component.currentlySendTraceNotes

```
graph LR; A[desmoj.core.simulator.Model  
Component.currentlySendTraceNotes] --> B[desmoj.core.simulator.Model  
Component.tracelsOn]; A --> C[desmoj.core.simulator.Model  
Component.getModel];
```

The diagram illustrates a central node on the left, which is a gray rectangle containing the text 'desmoj.core.simulator.Model' and 'Component.currentlySendTraceNotes'. Two blue arrows originate from the right side of this central node. The top arrow points to a white rectangle on the right containing 'desmoj.core.simulator.Model' and 'Component.tracelsOn'. The bottom arrow points to another white rectangle on the right containing 'desmoj.core.simulator.Model' and 'Component.getModel'.
