

Serializable

```
classDiagram
    class org.apache.commons.math.special.Beta
    class Serializable
    org.apache.commons.math.special.Beta --|> Serializable
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'Serializable'. Below it is a box labeled 'org.apache.commons.math.special.Beta'. A blue arrow points from the 'org.apache.commons.math.special.Beta' box up to the 'Serializable' box, indicating that 'org.apache.commons.math.special.Beta' inherits from 'Serializable'.

org.apache.commons.math.special.Beta
